

PE1105/QQQ

NHS Greater Glasgow and Clyde – 16 July 2015

I can confirm on behalf of NHS Greater Glasgow and Clyde that the Scottish Government are leading the process to agree a third party review of issues with St Margaret's Hospice and we have participated and will continue to participate in any required meetings as part of that process. The Board has accepted the Government's proposed arbitrator but we understand that is still subject to discussion with the Hospice.

Catriona Renfrew
Director Planning and Policy
NHS Greater Glasgow and Clyde
