

**PE1578/E**

Stirling Council Email of 22 December 2015

**Consideration of Petition PE1578 (Forth Rail Link)**

Please find below Stirling Council's response to the above.

It is suggested that the principle of investigating the potential benefits of re-opening the passenger rail link between Stirling and Dunfermline be supported by Stirling Council, subject to the Council understanding the outcomes of any work that may have previously been undertaken by other bodies such as Fife or Clackmannanshire Councils, SESTRANS, Transport Scotland or Network Rail.
