3 February 2015

Dear Ned,

Thank you for your letter of 10 December 2015 in relation to the consideration of Petition PE1563 (sewage sludge spreading).

I can confirm that the Recommendations Report from the Review Of The Storage and Spreading Of Sewage Sludge on Land In Scotland will be published on the Scottish Government website on the the morning of Friday 5 February

I will ensure a link to the publication is sent to you to allow the Committee access to the Report.

In the event that some of the recommendations require changes to legislation, we will of course undertake a public consultation on any draft legislative proposals.

I hope the Committee will find this helpful.

Yours sincerely
