

**PE1435/A**

To,  
Public Petitions Committee  
The Scottish Parliament

**28 September 2012**

**Subject: Request to re-visit the initial decision made the Petitions Committee in re  
Petition PE1435**

Dear Sir,

I write this letter to this committee, with an intimidating feeling and fear for the prospect of my petition relating to the Scottish-Pakistan Youth Council. Whereby the Committee showed keen interest into the matter and decided to write to the British Pakistani Youth Council in its sitting on 26 June 2012, I have received no reply, as was to be forwarded to me by the diligent clerks of the Committee, from the British Pakistani Youth Council.

It is completely unclear and why the addressee would not reply to the matter of the petition, which so closely relates to their working. I would request the Committee to please re-visit the decision on 26 June 2012 and write to another more appropriate working body which has similar interests. A closure of my petition under Rule 15.7 under such circumstances without allowing a proper perusal would be pre-mature in my opinion.

I am sure the Hon. members of the Committee would allow due contemplation of the petition.

Thanking you in anticipation.

Yours sincerely,

Wajahat Nassar
