CalMac Ferries Ltd submission of 2 September 2019

CalMac Ferries Ltd (CFL) does not charge for parking at the ports it operates on behalf of Caledonian Maritime Assets Ltd (CMAL) and has no plans to do so. Parking at the other ports and harbours are a policy matter for the bodies which operate them. That said, CFL would expect any proposal to introduce parking charges which would create additional costs for ferry travellers to be properly assessed and consulted upon in advance with any relevant parties.
